

FOR IMMEDIATE RELEASE: Nationwide

Contact: Michael Custer - Stancil Corporation

Date: Jan 2012

Santa Ana. Ca: 2012

Stancil Corporation is one of the old members of APCO and NENA and we are excited with our participation in the ICE events to ensure we continually produce the right products for our customer as they embrace the NG9-1-1 future. As we start our 66th year we should appreciate the fact our mission statement is just as relevant today as it was at the beginning:

“Record everything and find it fast”

Stancil Corporation is very excited to be participating in the upcoming NG911 events in 2012 as well as the NENA and APCO National shows. Please check our web site:

<http://www.stancilcorp.com> to learn more information on these important topics.

Stancil Corporation has just been recertified by GSA and are pleased to offer a wide range of recording solutions under the contact number GS-35F-0583P

The focus of 2012 is tighter integration with telephony and radio vendors to ensure our mutual customers continue to have a richer experience using all our products, higher level of productivity and a reduction in operational expenditure.
